# Drugs

There is option to manage drugs in the system

→ The information is used in medicine templates and assign medicine

The screenshot displays a medical software interface with a blue sidebar on the left containing navigation options: View Invoices, Patients, OPD, Appointments, Life Tracking, Preferences (selected), Procedures, Drugs, Medicine Templates, Inventory, Reports, Accounts, Doctor Timings, and Message Templates. The main area is divided into two sections. The top section, titled 'Add Drugs', contains a form for adding a new drug. The bottom section, titled 'Drugs', displays a table of existing drugs.

**Add Drugs Form:**

- Name: Paracetamol
